## Embossed Wall Art Panels Are Easy To Install

1

Use a glue gun to apply acrylic sealant to the back of the panels on the raised areas

2

Line up and firmly press the panel in place against the wall

NB. Divide the wall in half and apply the panels from the middle to the outside

3

Complete pattern as desired and wipe off excess adhesive before it dries

Before painting use a 400 grit sandpaper to smooth, then a universal water based primer and final colour coat
